

WHY ADD A SCHOOL ASSEMBLY TO YOUR HARLEM AMBASSADORS EVENT?

It's all about the kids...

"The assembly was the **biggest catalyst to selling tickets**. These kids went home and told their parents about the event and about the stars who stressed staying in school and off drugs. This was our third time hosting the Ambassadors. **We think the assembly is key to promoting attendance at the event.**"

Janet Dold, Greater Monticello Chamber of Commerce and Visitors Bureau, Monticello, IN

"The message they gave the children of our community was priceless. The team members all have a special story and are very bright, caring people I felt privileged to get to know. What a pleasure to meet such fine young inspiring people!"

Eva Rushton, United Way of Humphreys Co, Waverly, TN

meaningful messages, inspiring stories

"The interaction with the kids was great! It made them feel important, some of them would have never come to the show if they had not seen the assembly."

Jeanne Alling, Balsam Lake, WI

"One of our local businesses sponsored the assembly. It was so well done and the students really enjoyed it."

Gioia Goodrum

Williams-Grand Canyon Chamber of Commerce, Williams, AZ

"The personal testimonies were memorable and inspiring. This was well worth the additional expense."

"The two assemblies were enthusiastically received at the schools and undoubtedly helped spur ticket sales for a **standing-room-only crowd** the night of the game."
