To Whom It May Concern,

Colquitt County Habitat for Humanity hosted the Harlem Ambassadors for our annual fund raising event on January 20, 2004. I would recommend this event for other Habitat for Humanity affiliates. One day before the event, we sold out of tickets and we had a full house at our high school gymnasium.

As a Christian organization, we also liked the fact that we were able to provide our community with an evening of good clean family fun. "Lady Magic" and the other Ambassadors stress healthy life styles and the importance of higher education during the event. This was very well received by our entire audience.

An added blessing was the fact that we raised triple the amount than we originally anticipated. We still expect more ticket money to come in, but so far we have raised over \$14,000.00!

Please feel free to call me if you have any questions about hosting the Ambassadors.

Sincerely,
