To Whom It May Concern,

The Boys & Girls Club of the San Luis Valley, Monte Vista Unit, would like to recommend the Harlem Ambassadors as a means of fundraising and gaining recognition for your organization. Our association with the team and their administration proved to be a very beneficial enterprise. Our event came off without any problems. We found the information provided by the Harlem Ambassador organization easy to understand and implement. The team was well received by our community, vendors, sponsors and audience. All feedback on this event has been positive. The Monte Vista Unit of Boys & Girls Club will be inviting the Harlem Ambassadors back next year.

Book the team - follow the directions - enjoy the event - and count the money.

Bob Bryning
